

MJRC Chronicles

Spring has arrived in Jamestown!

The Third Annual Grow Jamestown Garden Fair was held on Saturday March 22 at The Renaissance Center. There was a wide variety of garden related vendors including landscapers, nurseries, and community organizations. There was also workshops on landscaping, gardening, and food preservation.

William, Debbie and Denise proudly show off their booth of what their room has restored and is ready for sale.

The Future Strivers room at Alternatives Day Hab has formed a "Pickin" group based off of the History Channels "American Pickers". This group goes to yard sales, flea markets, 2nd hand stores and garage sales looking for antique treasures that need to be restored to original condition. The money raised goes towards tools, supply and more salvaged treasures.

"Our Participants do not attend our facility, we work for them in their Program"

RJ is busy working on restoring this chair for the Garden Show
