Traumatic Brain Injury Structured Day Program

*Not a service,
but a journey
back to greater
independence*

Learn Skills to Live a Happy and Healthy Life.

Services Provided

Structured Day Program Services are individually designed services, provided in an outpatient setting to improve or maintain a person's skills and abilities to live as independently as possible in the community.

Services Include

- ◆ Computer-based Cognitive Rehabilitation
- ◆ Creative Arts
- ◆ Life Skills
- ◆ Social Interaction
- ◆ OT, PT, and Speech Services Available (weekly meetings with clinicians and staff to integrate therapy into daily routine)

Admission Criteria/ Eligibility Requirements

An individual can be admitted to The Resource Center's TBI Structured Day Program if he/she has a diagnosed Traumatic Brain Injury. He/she must also have the capacity to participate in computer-based cognitive rehabilitation therapy.

Only individuals whose functional, behavioral, and support needs can be met by the program will be admitted. Both part-time and full-time schedules are available.

The program service is approved as part of the New York State Department of Health Traumatic Brain Injury Waiver, unless covered by private insurance or private pay.

Information/Intake
