ABOUT

A mental health school satellite is a clinic located on a school campus. These locations offer mental health services just like your regular therapist office. Mental health school satellites work because they are located where the children are to meet their needs. The services are easily accessible, located in a familiar environment and offered by healthcare professionals who address a wide range of mental health concerns.

SERVICES

- ✓ Evidenced based screening
- ✓ Overdose prevention education is provided
- ✓ Individualized treatment plans
- ✓ Staff are trained and certified in MAT
- ✓ Access to NARCAN
- ✓ Counseling services also available

ABOUT

Medication Assisted Treatment (MAT) is utilized to help those struggling with opioid addiction and substance use gain rapid access to treatment. This treatment approach is blended with our counseling, psychiatric and PROS services to provide individualized treatment to meet your needs. Peer services are also available through the PROS (Personalized Recovery Oriented Services) program and CORE (Community Oriented Recovery & Empowerment).
